Interested in pursuing a pathway in Medicine or Health Sciences?

Come to an admission assessment workshop to discover the opportunities.

The Indigenous Pre-Medicine and Health Sciences Enabling Course is a one-year course designed to provide you with the skills and confidence to pursue university education in the fields of health sciences and medicine.

At these workshops, prospective students will sit an admissions test, and have the opportunity to talk to staff members about courses, support services and pathways available at the Centre for Aboriginal Studies.
